

CITIZEN SCIENCE INCUBATOR

DEADLINE: OCTOBER 2, 11:59 P.M. ET

*Do you have a scientific question that could be advanced by engaging the campus community in the research process? If so, your project could be this year's featured project with the **Citizen Science Campus!***

BACKGROUND

The **Citizen Science Incubator** is a platform for identifying a focal project of the year for the Citizen Science Campus.

ELIGIBILITY

This opportunity is open to all faculty, staff, postdoctoral scholars, graduate students, and undergraduate students at NC State.

PROGRAM CONTACT
Dr. Caren Cooper
cbcoope3@ncsu.edu

AWARD INFORMATION

The primary benefit awarded through the Citizen Science Incubator is increased access to potential participants for your participatory science project to drive forward your research.

The selected Citizen Science Incubator project will be featured in the **Pack Science Challenge**.

It will also be incorporated as an experiential learning opportunity in **Wicked Problems, Wolfpack Solutions**.
